MEMORANDUM FOR: Deputy Director for National Foreign Assessment
SUBJECT : Topics on Which to Brief Casey

Bma
1. The following are likely topics for your discussion with the
DCI-Designate:

-- The question of a special assistant. I will
provide a separate memorandum on this.

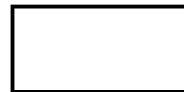

-- Your discussions with Allen regarding the
White House Situation Room.

-- What are his guidelines with regard to our
establishing working relationships with State and with
the NSC Staff? (You might have an opportunity to dis-
cuss here the problems that may be raised by the presence
of Carver at State.)

-- The state of our relations with the military
agencies and the net assessment issue.

-- NIO vacancies. Does he want to take a hand?
(We have immediate vacancies in WE, presumably EA, plus
one at-Large.)

2. I know of no other immediate decisions he needs to make, but in
the field of "legal responsibilities" you should be prepared to expand on
the "correlation and evaluation clause" in the National Security Act and
to review with him the standing provisions of E.O. 12036.
